Subject: Dumping in Passaic

Hi Dave,
This isn't allowed now is it? Seems counterproductive.

Sen. Ruiz,

On Thursday, I noticed several commercial trucks dumping snow in the Passaic River...location Rte 21 N, exit 8 on Park Ave, Lynhurst/Nutley at the bridge.... straight across from exit 8 . Landmark, King Court Health and Sports Club. There is a boating ramp in that area.

And if companies and others are dumping snow with debris and other substances...how is this going to ever going aid the clean-up process...suggestions, there should be surveillance cameras on the River.

I didn't get the business names,...there was 5 trucks with lifts dumping snow in the river...

Just wanted you to know, pls reply.

Sincerely,
Gee Cureton
